

Team Name: sdmay24-46

Team Members: Sam DeFrancisco, Nick Erickson, Nikhil Kuricheti, Brayton Rude, Jennifer Robles, Deepika Vempati

Report Period: Nov 6-Nov 19

Summary of Progress in this Period

We designed and agreed upon a way to test our application. We investigated our application and different technologies and thought of the best ways to test everything. Doing so also helped clearly define our project's goal in that it will be very client focused and about delivering a learning platform more than anything else. We also started to clean up our document for its final presentation.

Pending Issues

Plans for Upcoming Reporting Period

Finalize a course recommendations with a graph database. Create final UI mocks.
